University of Central Florida Minor Fire Alarm Service Personnel Training Overview State Employees

This form is to document the training provided and skills acknowledged by UCF Maintenance staff and other UCF personnel to perform the specified fire alarm duties outlined below. A new form is required for each new training, added skill, and periodic refresher. Complete all signatures at the bottom and send the original signed form to the EH&S Fire Safety Coordinator, keep personal and departmental copies as needed. Staff performing fire drills only need to complete just the "*" items.
