

Step 1:

The image shows a screenshot of the University of Central Florida (UCF) Environmental Health and Safety (EHS) website. The header includes the UCF logo, the text "UNIVERSITY OF CENTRAL FLORIDA", a "UCF SIGN IN" button, and a search bar labeled "Search UCF". Below the header, the page title is "UCF Environmental Health and Safety" with navigation links for "About", "Offices and Services", "Training", "Policies and Procedures", and "Forms". The main content area features a large photograph of a safety table outdoors. On the table are two red fire extinguishers, a white water bottle, brochures, and a box labeled "FIRE ON CAMPUS". A yellow banner at the top of the photo reads "Stay Safe UCF" and a white banner below it says "We Encourage, Support and Promote a Culture of Safety and Environmental Stewardship". In the bottom left corner of the screenshot, there are two yellow callout boxes: "SAFETY CONCERNS" and "EHS LOGIN". A red arrow points from the "EHS LOGIN" box to the "FIRE ON CAMPUS" box on the table.

Step 2:

[To Register for Safety Classes, Click Here](#)

[To Report an Injury/Illness, Click Here](#)

[To Make a Chemical or Radioactive Waste Pickup Request, Click Here](#)
